

Introduced by Senator Oropeza

December 1, 2008

An act to add Section 8594.5 to the Government Code, relating to emergency services.

LEGISLATIVE COUNSEL'S DIGEST

SB 18, as introduced, Oropeza. Emergency services: Emergency Alert System.

Existing law authorizes use of the Emergency Alert System to inform the public of local, state, and national emergencies.

This bill would require law enforcement agencies that are informed of a missing senior person, who is 65 years of age or older, and that determine the missing person has an impaired mental condition, the person disappearance poses a credible threat to his or her health and safety, and that there is information available that, if disseminated to the general public, could assist with the safe recovery of the missing person, to request, absent extenuating investigative needs, activation of the Emergency Alert System within the appropriate local area. By imposing new duties on local law enforcement agencies, the bill would create a state-mandated local program.

The bill would require the Department of the California Highway Patrol, in consultation with the Department of Justice and representatives from other organizations, to develop policies and procedures providing instruction specifying how law enforcement agencies, broadcasters participating in the Emergency Alert System, and any other intermediate emergency services agencies that may institute activation of the Emergency Alert System and, where appropriate, other supplemental warning systems shall proceed after a law enforcement agency receives a qualifying report of a missing senior person.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.
